### **DETAILED ACTION**

1. This office action is in response to application 10/676,864 and Amendment filed on 10/18/2005. Claims 1-27 remain pending in the application.

#### ***Allowable Subject Matter***

2. Claims 1-27 are allowed over prior art of record.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest or render obvious:

A system for building a test case operable to test a circuit design, comprising an instruction generation engine for generating a set of instructions comprising computational expressions that include a temporarily uncommitted values; a first summary generation engine portion for generating an interfaceable enumeration of said set of instructions, wherein each of said temporarily uncommitted values is denoted by an uncommitted reference; and a second summary generation engine portion for resolving respective values of said uncommitted references and generating an interfaceable listing of said uncommitted references and their said respective values, to form said test case.

#### ***Conclusion***
